

# It's Beaver Days! Oct 20<sup>th</sup>, Saturday, 9am

Rainbow Scout Reservation

2800 Winterbottom Road

Morris, IL

Come join us to do a little this...

Then you can do a little this...

Lunch is provided and this is a free event. This event happens rain or shine so be prepared! Come in the morning to help for a few hours, then eat lunch and fish at the dam (bring your own equipment).

Beaver Days are community service days at RSR (Rainbow Scout Reservation). Cub scouts bring an adult or family with to help on projects. Boy scouts come alone or with their troop or family (Yes this counts as service hours. If conservation hours needed, please let us know ahead of time). A project could range from painting to picking up sticks, so please dress appropriately. Does an adult in your family have a special skill like plumbing, can use power tools, swing a hammer? Please let us know!

RSR is located close, just 45 min away from Lockport. It is a few hundred acres owned and operated by your local Boy Scouts of America, Rainbow Council. This is where our pack attends resident camp for cub scouts and council hosts events like the fossil hunt and AOL (Arrow of Light). It is also where boy scout troops attend summer camp. RSR has a few lakes, a chapel, swim area (swim docks and sand volleyball), COPE course (with a zip line!), shooting range, staff cabins, dining hall, nature center, first aid building, camp office, training center, plus many camp sites. Twice a year Beaver Days are held to keep up RSR.
